

Quality Policy

The Top Management of Infinity Advanced Technology Solutions PLC is committed to continuously and consistently satisfy the needs and expectations of its internal and external interested parties and fulfill regulatory and statutory requirements through implementation of effective Quality Management System based on ISO 9001:2015.

Considering context of the organization and aligning the quality management system with its strategic direction, Infinity Advanced Technology Solutions PLC strives to support its business by providing efficient, effective, reliable and impartial services by:

- Identify, introduce and provide the latest medical equipment that are relevant for the requirements of our customers, thereby improving the healthcare delivery.
- Build long-lasting relationships with customers as well as provide personal service and attention to detail in all that we do.
- To provide turnkey solutions to our clients
- Consult clients on all aspects of medical equipment
- Continuously invest in our engineers to be the best medical support service center in the country
- Identify, introduce and implement the latest information technology products & solutions that are relevant for our customers.

The top management ensures the involvement of stakeholders at all levels of the organization for the achievement of this quality policy and attaining the company objectives.
